L2/4 Fast Ethernet Switch

A07-ES3550YA

- 48 Fast Ethernet ports
- 2 Gigabit ports
- Up to 8 stackable units

Edge-Core A07-ES3550YA is a Fast Ethernet mix stackable switch plus two Gigabit combo ports and two extra RJ-45 Gigabit Ethernet ports for stacking. A07-ES-3550YA can stack up to 4 units with a total of 192 Fast Ethernet portsand 8 Gigabit combo ports. This stackable switch is packed with features and a cost-effective solution that brings enhanced security, high flexibility, advance QoS to the network edge, while maintaining the simplicity of traditional LAN switching.

Networking

E d g e - c o r E
Powered by Accton

Edge-Core

TECHNICAL FEATURES

DHCP Client

L2 Features
IGMP Snooping
Link Aggregation IEEE 802.3ad with LACP (Dynamic):
- Up to 4 Trunks
- GE Ports: 4 Links per Trunk
- FE Ports: 2~8 Links per Trunk
Port Mirroring
Unicast Routing: IEEE 802.1D/w/s
VLAN
- IEEE 802.1Q
- Private VLAN
- GVRP

Management
Command Line Interface (CLI)
RMON: RMON I (1,2,3, & 9 groups)
SNMP: Agent
Web Interface

Performance
MAC Address Table Size: 8K
Stacking Features: Stack up to 8 units

Physical Configuration
Dimension (HxWxD) cm.: 4.3 x 44 x 32.4
Fixed Ports:
- 48 x 10/100 Base-T ports
- 2 x 10/100/1000 Base-T ports/stacking ports
- 2 x Gigabit Combo ports (RJ45/SFP)
Redundant Power Supply

QoS Features
CoS:
- TCP / UDP
- DSCP
- IP Precedence
- IEEE 802.1p
Priority Queue Scheduling: WRR, Strict Priority
Rate Limiting:
- FE Ports: (Ingress / Egress) Range (1-100Mbps); Granularity (512Kbps, 1Mbps, 3.3Mbps)
- GE Ports: (Ingress / Egress) Range (1-1000Mbps); Granularity (33.3Mbps)

Security
ACL: L2 / L3 / L4
HTTPS/SSH
IEEE 802.1x: Port-based
RADIUS/ TACACS+

PRODUCT:	L2/4 Fast Ethernet Switch
CODE:	A07-ES3550YA
EAN CODE:	8026974008448
